Vol. XL No. 44

Lafayette — Orinda, California — Friday, January 15, 1954

Ten Cents

ORINDA INTERCHANGE construction is transforming the appearance of the Crossroads area. In the months ahead there will be many more changes. This view, looking east toward Lafayette, shows the northern half of the underpass which is being built (left foreground). Those pine trees just beyond Orinda Highway and to the north of Mt. Diablo Boulevard are on the controversial Pine Grove site. —SUN photo by Mattson

Orinda Highway's Future to Be Topic Of Wednesday Conference with County

Future of San Pablo Dam Road (Orinda Highway) between the Crossroads and Village will be discussed at 2 p.m. Wednesday by Orinda representatives, East Bay Utility District officials and county officials.

The conference has been called by County Road Commissioner Victor W. Sauer at the request of Orinda groups and will be held in his office in Martinez.

Representatives of the Orinda Chamber of Commerce, the Orinda Planning Committee, the Orinda School District and the Orinda Country Club are expected to attend, Sauer said.

"PURPOSE OF THE MEETING is to obtain a broad picture," the road commissioner explained.

"It will just be a preliminary general meeting for discussion of their problems and ours in this matter."

It will be a meeting of no decision. Continued discussions will undoubtedly have to be held.

SCHEDULING of the conference followed decision of the Orinda Chamber of Commerce last week to consult the road commissioner's office regarding future plans for the road.

Sauer reported that Ramsay Underwood had contacted his office about the problem. Underwood and E. W. Phair, named by the chamber to talk with Sauer, will be present Wednesday, Sauer said.

Among others expected are Chairman Joseph Creighton and Boone Robinson of the Orinda Planning Committee, Orinda Superintendent of Schools Joseph L. Sheaff and President J. Lloyd O'Connell and Secretary George Hauken of the Orinda Country Club, as well as EBMUD representatives, according to Sauer.

County Planning Technician Tom Heaton and Associate County Planner Richard Stockwell, in charge of the county planning staff's master planning section, will also be there, the road commissioner said.

"WE HAVE HAD requests about

High School Tax Rate Increase to Be Asked May 21

A tax limit election for the Acalanes Union High School District will be held May 21, trustees agreed Tuesday night.

Although the amount of the tax increase to be asked was not decided, figures as high as \$1.75 per \$100 assessed valuation have been discussed. The district has been operating for the past five years under a limit of \$1.50 per \$100 assessed valuation.

Voters may be asked to approve the increased tax for an indefinite period.

TRUSTEES VOTED to put the tax issue on the ballot with the regular trustee election after the district atorney ruled that if the tax issue fails a second election can be held. State law requires approval of the voters for a tax limit greater than 75 cents per \$100 assessed valuation. Authorization for the present tax rate expires this year.

IN PREVIOUS discussions trustees have indicated concern with placing the tax issue on the ballot with a trustee election for fear "it would get lost in the shuffle."

In other action the name of the Acalanes Adult Center was changed to Acalanes Evening High School to comply with recent state legislation. Superintendent Neil Parsons said no changes would be made in the operation of the adult program as it already complies with the legislative changes.

Board Discusses Orinda High Plans

Plans for Orinda High School were discussed Tuesday night by Acalanes Union High School District trustees.

A representative of Kump Associates of San Francisco, district architects, presented revised plans for the first unit of construction of the school.

The plans included a regrouping of buildings where four classrooms were placed in a block, instead of two as in previous plans. The regrouping will save the district as much as from \$1500 to \$2000 per block, the architect estimated.

Curb and gutter on Ivy Drive were accepted.

Boundary Okay Given Fire Board For Annexation

Proposed annexation by the Orinda County Fire Protection District of approximately five square miles of territory now in the Briones Fire Protection District was approved by the County Boundary Commission last Friday.

The request had been made for the Orinda Fire District by Clarence E. Betz, assistant secretary of the fire board, and Fire Chief H. E. Wyatt after conferences by Orinda Fire officials during the past year.

Next steps will be filing of necessary applications with the Board of Supervisors by the two districts and the holding of public hearings by the supervisors, according to Deputy County Clerk Mary A. Smith.

The area proposed for transfer was described by Jerry Tara, district boundary technician for the county assessor's office, as contiguous to the Orinda Fire District and consisting of two portions — from Orinda Highway down Bear Creek Road to the Orinda line in Sleepy Hollow, and the property between Wildcat Canyon Road and Orinda Highway to Inspiration Point at the entrance of Tilden Regional Park and then back to Fish Ranch Road.

Man of Year Award To Be Given to Stewart

The Orinda Man of the Year award will be presented to Edgar B. Stewart by Herman Silverman, editor and publisher of The Orinda Sun, at the Orinda Rotary Club's luncheon meeting Wednesday at The Willows.

Stewart was recently named Man of the Year for 1953 by the Man of the Year Committee, in the annual contest sponsored by The SUN. Stewart is a member of the Oakland Rotary Club.

EBMUD Requests Hearing Feb. 2 On Pine Grove

East Bay Municipal Utility District formally requested the County Planning Commission on Tuesday to delay the second public hearing on its Retail Business Rezoning application for Pine Grove and other Crossroads area land to February 2.

Associate County Planner George Brenner, in charge of the zoning section of the commission's technical staff, said later this week that the commission will discuss the request next week.

"We'll see what we hear from the Orinda Association," he said. "If the association asks a further extension, the commission will have to decide."

Chairman Joseph Creighton of the association's Orinda Planning Committee indicated dissatisfaction with the February date and stated that a later date is desirable.

"My personal opinion is that we group and to its negotiations with EBMUD, Creighton said: "WE'RE DOING OUR BEST to do a proper job as soon as it can be done, irrespective of EBMUD pressure. They agreed to a three-week interval between the close of the negotiating and the holding of the hearing."

"That means that if the hearing is going to be held February 2, the three-week period started Tuesday. As a result, we're going to prepare ourselves for the hearing."

"We've got to have an adequate period after conclusion of the joint committee deliberations, in which to present the problem to the community, before a public hearing is held."

The association - EBMUD joint committee consists of Creighton and Boone Robinson of the Orinda Planning Committee, with William Penn Mott Jr. as alternate, and General Manager John W. McFarland and Property Division Manager Phil Wagner of EBMUD.

In announcing that the letter requesting the hearing to be delayed to February 2 from the previous tentative scheduling of next Tuesday night had been delivered to the county planning staff, McFarland said:

"THIS IS NOT a joint request of the four-man committee. I believe the Orinda Planning Committee would prefer another weeks delay."

"We feel that scheduling of the hearing for February 2 would make it possible to have a hearing then and also for a decision to be arrived at then, if everything is ready for it."

"It may be that when February 2 rolls around the facts may indicate the matter should be held over another week. Whether such a further delay should be sought depends on what happens in the meantime."

"I'm firmly convinced that by February 2, if everything goes as it should, there will be enough information for a decision to be reached."

The EBMUD request was signed by Wagner.

DISTRIBUTION of some 400 questionnaires on planning for Orinda's future, begun last weekend, was being concluded this week by nearly 50 volunteer workers on the joint project of the Orinda Planning Committee and the Orinda Chamber of Commerce.

Creighton said tabulation of returned questionnaires is expected to get under way this weekend. Karl Schevill of the planning Committee is in charge of the distribution and return of questionnaires.

The volunteer distributors, including over 20 members of the Orinda Junior Womens Club, were organized by Mrs. Mitchell Farrar.

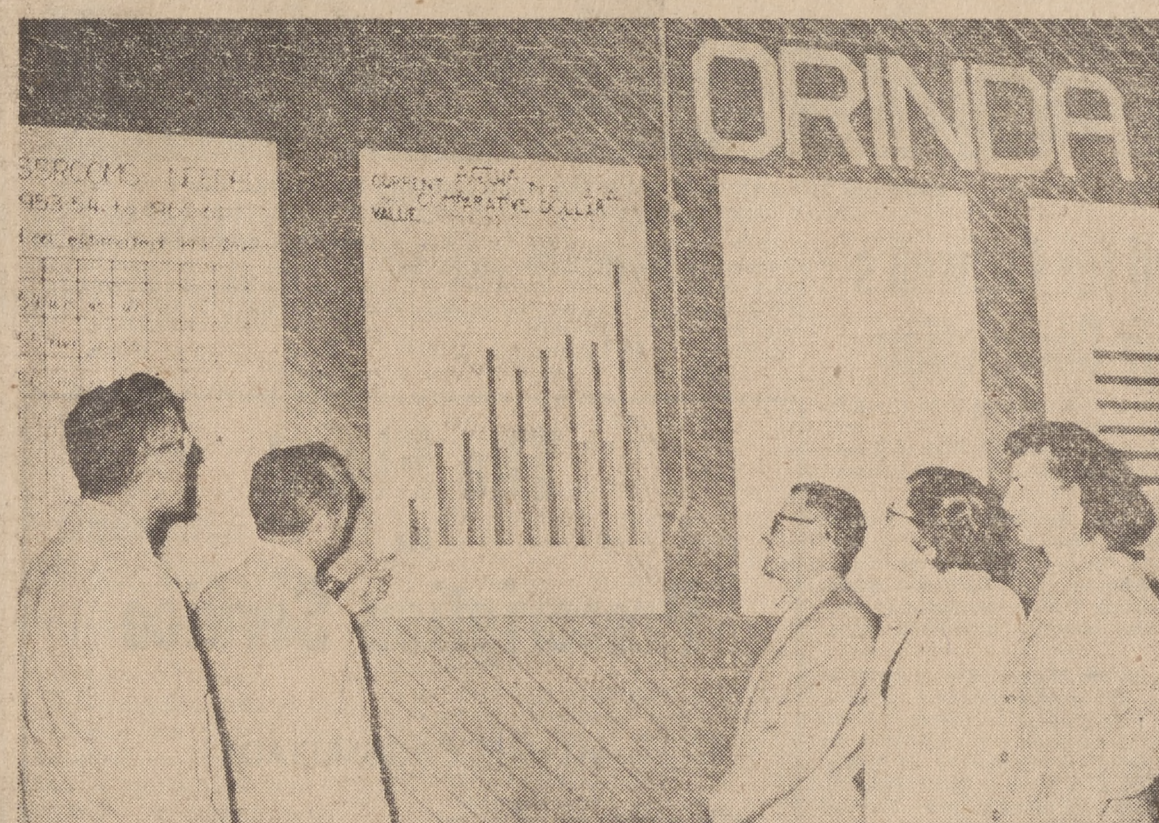

THE PROJECT is a public opinion survey, with a questionnaire left at every sixth home, or as near that ratio as possible.

Families are asked to return the questionnaires promptly. The spot-check sampling method was decided on instead of a community-wide poll, which had been planned at first.

Chilly Nights, But Nice Days

Temperatures showed a marked decline this week as winter progressed. However, rain remained at a minimum with only 74 inches dropping on the hills which are already turning green.

Total to date is 7.22 inches. Here are the temperatures:	
January 7	High 56 Low 41
January 8	63 29
January 9	60 28
January 10	62 32
January 11	55 39
January 12	56 38
January 13	58 27

WHY ORINDA SCHOOL DISTRICT needs approval January 26 of the proposed \$750,000 bond issue and the \$700,000 state aid program was explained at Monday night's town meeting on the problem, at Orinda School auditorium. Superintendent of Schools Joseph L. Sheaff (second from left) points to figures on one of several charts. Listening are W. R. Odenthal (to left of Sheaff) and, left to right, E. S. Starkman, Mrs. W. R. Haefele and Mrs. C. L. MacDonald. — SUN Photo by Mattson

Five Potential Candidates for Congress Report

The political picture began shaping up this week as potential candidates for the congressional race announced their willingness to run.

Five men have applied to the screening committee of the Republican Central Committee, and others have indicated that they will run. Applicants were John Baldwin, Henry Kilpatrick, V. Craig Bull, Jack Merchant and Joseph Creighton.

OTHER CANDIDATES who have not appeared before the committee are Sheriff James Long and Daryl Hutchins.

Sheriff Long has been sent an invitation, but political observers doubt that he will appear.

The four men who applied to the screening committee are not candidates yet, but have merely indicated that they are willing to run.

The screening committee is a group established by the central council of the Republican party to pick three likely candidates and submit them to the council.

The council is a group picked pro-rata from the registered Republicans in the county precincts. This council will then choose and endorse a candidate, who will be endorsed after the primary elections by the Republican Central Committee.

DARYL HUTCHINS of Walnut Creek has announced his intention to run and will not appear before the screening committee at all.

Here is a brief background of the five applicants before the screening committee.

Jack Merchant is the ex-director of personnel for C&H Sugar in Crockett. He is retired.

HENRY KILPATRICK is a Valley attorney and a protégé of Luther Gibson.

Joseph Creighton, Orinda attorney, chairman of the Orinda Planning Committee is active in county Young Republican circles. His practice is in Oakland.

V. Craig Bull, Martinez attorney, has been actively campaigning since he was narrowly defeated by Condon in the last congressional election.

Stewart pointed out that unless the two interdependent issues pass, Orinda school children will be on double or approximately half-day sessions for years to come.

"WE CAN NOT GIVE our children an adequate education on double sessions," Stewart declared. He emphasized that Orinda's school attendance has mushroomed 20 per cent each year in the last five years and that 1000 more pupils are expected here by 1958.

Some wanted to know why Orinda needs an intermediate or seventh and eighth grade school.

Sheaff replied that the new school will primarily help solve the problem of providing classrooms for the children in the school district.

"There's not room to build on sufficiently at our only centrally located school in the district — Orinda," Sheaff said.

"Also, educators agree that if any grades are to be separated, ideally it is the last two grammar school grades."

The \$750,000 bond issue funds will be used to enlarge present schools and purchase possibly two new sites, whereas the state aid funds are for purchase of the Pine Grove site and for building the intermediate school, the speakers said.

PUSHING THE campaign to get out an affirmative vote is the Orinda Mothers Club, which represents every parent of Orinda's 1679 school children.

On the club's bond committee are Mrs. Unruh, chairman; Mrs. J. Gordon Ainsworth, publicity; Mrs. Gerhard Burde, telephone; Mrs. James Seaman, car pool and baby-sitters, and Mrs. Stanley Allen, sponsoring committee.

Mrs. Allen announced the following partial list of persons sponsoring the passage of the bond proposals.

Mrs. Allen announced the following partial list of persons sponsoring the passage of the bond proposals.

Mrs. Allen announced the following partial list of persons sponsoring the passage of the bond proposals.

Schools Face Many Problems, Ask Additional Bond Funds

A town meeting to discuss the upcoming school bond election was programmed by the Orinda Mothers Club Monday night at Orinda School auditorium.

Members of the Orinda School Board and Superintendent of Schools Joseph Sheaff explained the two issues to be voted on January 26 and then threw the meeting open to questions from the floor.

Mrs. Julian Unruh, chairman of the club, said the committee of the Mothers Club, distributed question and answer pamphlets.

Board President Edgar Stewart presided and Trustee Seaver Ballard presented a statistical explanation of the school's situation.

STEWART EXPLAINED that both issues on the ballot must pass by a two-thirds majority in order for the schools to accept the \$700,000 state aid currently available to provide a new intermediate school at Pine Grove.

"Orinda can qualify for state aid only if we vote to accept it and if we bond ourselves to capacity by passing the \$750,000 bond issue," Stewart said.

Question uppermost in citizens' minds at the meeting was whether passage of the bond issue would increase taxes. The answer given was that taxes will be higher if the bond issue is not passed and that in that case the schools will receive less aid.

"WITH THE affirmative vote on both issues on January 26, the highest tax rate can be \$1.72 per \$100 assessed valuation, and the pressed Orinda schools will receive benefits of \$1,450,000," Stewart said.

"A negative vote would mean the school district would be forced to raise the local tax to \$1.75, which even so would return only \$85,000 to the schools."

Sheaff pointed out that unless the two interdependent issues pass, Orinda school children will be on double or approximately half-day sessions for years to come.

"WE CAN NOT GIVE our children an adequate education on double sessions," Stewart declared. He emphasized that Orinda's school attendance has mushroomed 20 per cent each year in the last five years and that 1000 more pupils are expected here by 1958.

Some wanted to know why Orinda needs an intermediate or seventh and eighth grade school.

Chairman Calls For Meetings Tonight, Tomorrow

Investigation of illegal pin-ball operations in Contra Costa County will get under way tonight at the first of two special meetings of the Law Enforcement Committee of the Grand Jury to be held this weekend.

O. J. Wohlgenuth of Walnut Creek, chairman, reported earlier this week that his committee has scheduled special meetings tonight and tomorrow to begin the investigation.

He also expressed interest in the State Attorney General's offer of "cooperation and assistance" in the Grand Jury's investigation of illegal pin-ball operations in Contra Costa.

THIS OFFER was made in a letter to Arthur Granshaw, foreman of the Grand Jury, from the office of Attorney General Edmund Brown.

Wohlgenuth said that the offer of assistance will be considered by the Law Enforcement Committee tonight.

Information on the operation of multiple-play pin-ball games, a type of machine which is a "game of chance" and illegal under the California Penal Code, will be studied.

THIS INFORMATION was reported to the Grand Jury in an open letter from The SUN two weeks ago which summarized news stories on pin-ball gambling published during the last six months.

According to Granshaw, Sheriff James N. Long and District Attorney Francis W. Collins will be called in during the pin-ball investigation now getting started.

Last week Granshaw said that Long and Collins would be consulted and asked for information on the problem.

Whether either man will appear this weekend was not revealed, but Collins will presumably be present at sessions as official legal counsel for the Grand Jury.

WHAT INFORMATION Sheriff Long will be able to supply is unknown; he recently said he knew of no illegal pin-ball operations in the county (see editorial page).

In an interview last July Collins agreed that multiple-play pin-ball machines are illegal, but, according to some reports, has made different statements to the Law Enforcement Committee of the Grand Jury.

Wohlgenuth said that Collins had advised the committee, or so he understood, that the machines themselves are legal, but playing them is a violation of the state law.

THIS POINT of view is in contrast to that of the Attorney General's office which gave an opinion in 1951, on the basis of which, multiple-play machines are considered illegal.

Neither Collins or Long could be reached this week for comment on pin-ball operations or on pending investigations.

Multiple-play pin-ball games have been operating throughout Contra Costa County for a long time; within the last six months they have been shut down and then re-opened twice in the Lafayette-Orinda-Walnut Creek area.

Elsewhere in the county there has been no shut down and illegal operations have continued on a wide-open scale.

THE SUN'S LUCKY BUCKS

A Treasure Hunt for 10 Lucky Dollar Bills Each week, that pays off in CASH AWARDS

HERE ARE THE LUCKY BUCKS NUMBERS for Jan. 15 to Jan. 22

Serial No.	Worth	Serial No.	Worth

A VIEW OF CAPWELL'S — WALNUT CREEK showing the entrance from the huge parking lot behind the new store.

March Opening Planned for Capwell's New Store Now Nearing Completion

Scheduled for opening in March, Capwell's new department store is nearing completion in the Broadway Shopping Center in Walnut Creek.

When Capwell's opens it will be an important addition to the economy of Contra Costa County.

PROVIDING REGULAR employment for approximately 165 persons and an additional 90 part-time jobs, Capwell's will be one of the largest employers in the area.

Located at the hub of an expanding family market, the two-level structure is designed so that a third floor can be added in the future.

It is estimated that Contra Costa County's population has increased 23 per cent since the 1950 census. Estimated population on December 31, 1953, was 369,000 as compared with the 1950 figure of 296,000.

ADJACENT to the completely air-conditioned building is a parking area with a capacity of nearly 900 cars. Seventy-five feet of the store extends over Walnut Creek to provide convenient access from the parking area.

Interior traffic will be served by an elevator and electric stairways.

Nearly all the departments at Capwell's-Oakland will be in the 108,000 square foot Capwell's-Walnut Creek. Merchandise selections will place special emphasis upon

family and home needs in the suburban atmosphere.

The new Capwell's-Walnut Creek was toured recently by the executives who will run the store.

LED BY FRANK Tebb, general manager, the group consisted of Morris Osborne, operations manager; Charles Currier, group manager; John Miller, service manager, and Ray Inman, maintenance manager.

Until the Walnut Creek appointment, Tebb was publicity director and merchandise manager of the men's departments at Capwell's. He has been at Capwell's 22 years, starting as a clerk in the traffic department. He plans to move his residence to Walnut Creek when the new store opens.

Currier is already a Walnut Creek resident. He lives with his wife and three daughters in Sun Valley. His most recent position at Capwell's was assistant to the merchandise manager of the apparel division.

PRIOR TO OSBORNE's appointment as operations manager, he was coordinator of planning for Capwell's - Walnut Creek. He began his career at Capwell's in 1950 as internal auditor.

Inman was engineer at the Em-

porium Stonestown Store until his transfer to Walnut Creek. He has been on duty at the construction site for several months, commuting from his home in Concord.

Miller came to Capwell's in 1952.

first serving as toy supervisor. Recently he has been engaged in merchandise planning for Capwell's - Walnut Creek.

Sanitary Board Continues Study For Bond Election

Discussion of the bond issue was postponed to an adjourned meeting Thursday by directors of the Contra Costa Sanitary District last week.

A tentative date of mid or late April was announced, but detailed discussion, including an amount, was postponed to next week.

In other action, the board indicated it would receive favorably a request from the county for the annexation of Buchanan Field Airport under special terms.

Directors also instructed Engineer Gerry Horstkotte Jr. to inspect possible sites to which the district could move its offices. This was a suggestion made by the Citizens Advisory Committee.

The committee felt that the present location of the district office is too valuable for the purpose it is serving. In addition, it was felt that it would be desirable to have the corporation yard near the offices.

Horstkotte also requested directors to give consideration to his request for a study of administrative matters and policies relating to "realistic service boundaries" and possible revision of the present Ordinance 22 which controls connection fees.

He suggested that directors consider a sewer rental policy in lieu of Ordinance 22.

Coast Counties Gets Permission For Rate Raise

The California Public Utilities Commission on Tuesday authorized Coast Counties Gas and Electric Company to increase rates for natural gas delivered to customers in 11 Northern California counties.

The increase for general service which includes residential customers will be 7.97 per cent. The raise in rates for all classes of service will produce an estimated total annual increase in gross revenue of \$800,000, which it is expected will give the company an opportunity to earn a 6 1/2 per cent rate of return on original cost of its property devoted to public service.

The company first applied for an annual increase in gross revenue of \$1,125,000 but after a conference with the commission staff agreed to reduce its request to conform with the rate of return authorized in a previous decision in 1951.

COAST COUNTIES Gas and Electric declared in its application that in the 26 months since the previous rate increase its expenses had increased materially, through higher labor costs which alone had gone up 10 per cent, and that there had been a major increase in its income taxes.

Coast Guard to Test Merchant Mariners

The United States Coast Guard announced recently that Merchant Marine officers will be examined for Coast Guard commissions in San Francisco on March 1, 2 and 3.

Graves to Run for Governor; Lambasts Knight's Record

Richard Graves of 1285 Pleasant Hill Road, Lafayette, announced his candidacy for governor on the Democratic ticket Tuesday.

Declaring that "California deserves better than an administration whose leader, Goodwin Knight, is committed by his own record to the undoing of every progressive step taken in the state in the last 20 years," Graves, executive director of the League of California Cities for almost 21 years, said:

"My decision to enter the campaign is based on the conviction that government shall be truly the servant of all the people, not the instrument of a professional politician who would manipulate the government to serve his end. The Republican Party has fallen into the hands of such a politician.

"TO FIGHT WHAT I oppose within the Republican Party, to support what I believe in as a Democrat, I changed my registration to Democratic. Later, when Democrats approached me to become the party's candidate for governor, I accepted the invitation as an opportunity for service compatible with my political philosophy.

"Industrial expansion and jobs, water conservation and resource development, the education of our children, smog, the depressed condition of agriculture and the crisis in transportation are just a few of the urgent questions facing the state and demanding immediate attention. They will not be met by a governor who is adept only at making irresponsible promises and hand-shaking."

GRAVES, 47, began his governmental career in 1930 as a research assistant in the Bureau of Public Administration at the University of California. In 1932 he was named by that agency to act as secretary of the California Crime Problems Advisory Commission and the following year became consultant to the State Board of Prison Directors.

He took his present post with the League of California Cities in late 1938 and since then has carried out a half-dozen other major assignments, all directly concerned with government functions.

He resigned from the league job last Friday.

In 1941 Graves was appointed a member of the State Council of Defense by Governor Albert L. Benson and later that year became executive secretary, a position he held until he resigned in 1942.

In May, 1942, he was granted a six months' leave of absence from his league post at the request of the San Francisco Bay Area OPA director to assist in organization of the regional office.

THAT SAME YEAR, President Franklin Roosevelt named Graves as a member of the 9th Regional Civil Defense Board. Upon abolition of that agency in 1944, he assisted in organization of the Pacific Coast Board of Intergovernmental Relations, of which he is still a member.

Governor Warren appointed Graves as state director of civil defense in November, 1942. He resigned the post in 1944, but continued as a member of the defense council until his resignation November 5, 1953.

Graves relinquished the directorship in 1944 in response to Governor Warren's request that he serve as consultant to the State Reconstruction and Reemployment Commission in the development of a postwar program for California.

SINCE 1951 HE has been a lecturer in political science at the University of California, conducting a graduate seminar in municipal government.

He is past president of the American Municipal Association, a member of the American Society for Public Administration, the American Political Science Association and the Western Governmental Research Association.

Born October 15, 1906, in Philadelphia, Graves was brought to California by his parents, Frank B. and Florence Anne Graves in 1908. The family moved to Kings County in 1912 and Graves attended elementary schools in Lemoore and Hanford.

HE WAS GRADUATED from Hanford Union High School in 1924 and received his A.B. from the University of California in 1929. In 1931 the University of California awarded him a master's degree in political science.

From 1918 to 1926 he worked as a farm hand in the San Joaquin Valley during the summer months, and while attending the university, worked part time as a retail store salesman.

Graves resides at his Lafayette home with his wife and their son, Stephen, 17, and daughter, Patsy, 10. Mrs. Graves is the former May Garwood, daughter of the late C. Ray Garwood and Mrs. Mabel Garwood of Berkeley.

\$106,751 to County as Share of Highway Tax

Robert C. Kirkwood, state controller, has announced that Contra Costa County receives \$106,751.87 as its share of the \$5,083,195 apportionment of Highway Users Taxes for the month ended October 31, 1953.

THE ARTIST EXPLAINS HER WORK. Emmy Lou Packard, center, describes a block print at Sunday's preview of her work, now on exhibit at the Artists Market and Gallery, 1045 Stuart Street, Lafayette, sponsored by Outdoor Art Shows Inc. Edith Dinken, right, co-chairman of the exhibition committee, looks on.

Sacto-Northern Survey to Be Prepared Soon

A report on the Sacramento Northern Railroad as a part of the rapid transit system of the East Bay will be prepared by June, according to H. L. "Jack" Cummings, chairman of the Board of Supervisors.

The report, to be prepared by a New York consulting firm as part of a \$600,000 study to develop a master rapid transit plan for nine bay counties, will deal with that section of the railroad between Walnut Creek and Oakland.

In reply to a request for such information, the consulting firm told Cummings "The study will revolve around the line's usefulness — not the dollar worth of the property."

"WE SHALL BE glad to give you the results of our analysis of the transportation demand and its relationship with this section of the Sacramento Northern, possibly as early as June."

The board recently delegated Cummings to confer with the East Bay Rapid Transit Authority to determine what plans might be made for use of the right-of-way through Redwood Canyon.

While the supervisors have considered use of the right-of-way as a potential new traffic arterial in connection with the long-discussed second vehicular tunnel through the Oakland hills, they also want to know how the route would fit into the over-all transportation program.

THE CONSULTING firm explained, "In one of the first general surveys of the area we learned of the contemplated abandonment of the Sacramento Northern Railroad from a point near Walnut Creek to Oakland."

"We were told that its present operations have been restricted entirely to freight service."

"The possibility of integrating this piece of railroad into our over-all transit plan immediately suggests itself as desirable, but no intelligent appraisal of its usefulness can be made until origin and destination surveys are completed in the Walnut Creek - Lafayette - Orinda area."

Reservists See Movie on NATO

Members of the 9441 VAR Squadron of Walnut Creek were shown a detailed film on the creation and development of the North Atlantic Treaty Organization recently.

The meeting was conducted by Lt. Harold J. Havre of Lafayette. Also included were an Air Force film and a lecture on "Personnel Problems on Activation," given by Lt. Havre.

Colonel Justin G. Knowlton, commander of the 9441, greeted the squadron at this first meeting of the new year.

Nobel Prize Winner from Lafayette to Speak at Acalanes Parents Club Meet

The man who led research toward discovery of plutonium and creation of the atom bomb, Dr. Glenn T. Seaborg, will speak at Monday night's meeting of the Acalanes Parents Club at 8 p.m. in the school gymnasium.

Dr. Seaborg, co-winner of the Nobel Prize in Chemistry in 1951, will discuss "Science as a Career for Young People," at the Parents Club program on Science in Action.

Members of the Parents Club and Acalanes students who are interested in science have been invited to hear Dr. Seaborg's talk, according to Victor T. Johnson, program chairman.

THE NOBEL PRIZE winner makes few public appearances, and has made no others at schools, but is speaking at Acalanes as a service to his community. He is a resident of Lafayette, and has four pre-school children, Peter, 5, Lynne, 4, David, 2, and Stephen, 3 months.

Exhibits of students' work in the Acalanes science courses will be part of the program, designed to show objectives of the study course. Several advanced science students will demonstrate class projects.

In charge will be Margaret Nicholson, department chairman, and Teachers Barbara Cross, John Annis, James Nelson and Alex Winchester.

A 1934 graduate of the University of California, Dr. Seaborg is now a professor in the chemistry department. His main field of investigation has been nuclear chemistry and nuclear physics.

His group of research workers discovered plutonium, and its importance became apparent when it was found that one of the element's isotopes was fissionable, and it could be used as a source of atomic power.

WITH HIS WIFE, the former Helen Griggs, Dr. Seaborg has become

Clayton Boundary OK for Petition

Technical obstacles were removed from the possible annexation of Clayton Valley to the Central Contra Costa Sanitary District last week when the boundary commission approved boundaries for the annexation.

Proponents in Clayton Valley said that they would start circulation of petitions immediately. A petition signed by 25 per cent of the land owners is necessary before the sanitary district can call an election. If the petition is signed by 75 per cent of the land owners, no election will be necessary.

The boundary commission voted unanimously Friday to accept the boundaries. It based its approval on the belief that the question should be decided by the residents affected by the annexation.

Protests had been filed in public hearings by the City of Concord.

The area includes about 9500 residents and some 4750 acres.

UN Delegate to Address UN Unit Luncheon Today

A full house is expected today when Mrs. Oswald B. Lord, United States member of the Human Rights Commission of the United Nations, addresses a luncheon of the Mt. Diablo Council for United Nations.

The luncheon will begin at noon at the home of Mrs. Harold Powell, 4139 Los Arboles Road, Lafayette.

Speaker and discussion leader will be Robin Skewes-Cox of San Francisco, a member of the Northern California United World Federalists Speakers Bureau.

Besides many private citizens, members of service clubs, women's groups and political clubs are expected to attend, according to Mrs. Paul Gaboury, district chairman.

Mrs. Lord has been connected with the United Nations for the past six years and in public service for the past 25 years.

Arrangements for the luncheon have been directed by Mrs. Gaboury, Mrs. LuRene Mattson, Richard Lommel and Mrs. A. A. Nickel.

Capacity Turnout Expected at Real Estate Ceremonies

A capacity turnout is expected at the annual installation of officers of the Contra Costa Real Estate Board today at noon at El Nido Rancho in Lafayette.

INSTALLING OFFICER and guest of honor will be L. I. McLellan, newly-elected president of the California Real Estate Association.

He will be accompanied by Eugene P. Conser, secretary of the CREA, and assisted by Harlan Gellerman, new regional vice president.

Officers to be installed are Arch McKinley, president; J. N. Smith, vice president; Ben Hamlin, secretary-treasurer, and Stan Massie, president, Orinda Division.

DIRECTORS INCLUDE Lawrence Wallace, A. J. Johnson, R. E. Wadsworth, M. H. Binkler and Charles Cunningham. Women's Division officers are Midge Graham, president; Mildred Tinker, vice president, and Vera Foss, secretary.

In addition to the installation, a business meeting will be held. Changes in by-laws are included on the agenda.

Stockton UHF TV Station Now Transmitting Here

A new high-frequency television station, KTUV, channel 36, Stockton, is now broadcasting in the local area, according to Richard Block, station representative.

Some experts believe high-frequency television will revolutionize the industry, but they admit that UHF is now only in the experimental stages.

Two other UHF stations are due to begin transmission in the area soon, one in San Francisco and another from the San Joaquin Valley.

Regular sets can, however, be converted by means of a special antenna and mechanism. In the future, when more than one station is available, a special directional antenna will be necessary.

Christian Science Subject - 'Life'

"Life" will be the subject of the Lesson-Sermon read in the Churches of Christ, Scientist, at 42 Orinda Highway, Orinda, and 1347 Locust Street, Walnut Creek, Sunday.

Readings from the Bible and from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, make up the sermon. The Golden Text is from 1 John: "He that hath the Son hath life; and he that hath not the Son of God hath not life" (5:12).

Romans 8: 2, 5: "The law of the Spirit of Life in Christ Jesus hath made me free from the law of sin and death. For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit."

Science and Health: "As a material, theoretical life-basis is found to be a misapprehension of existence, the spiritual and divine Principle of man dwains upon human thought, and leads it to where the young child was," — even to the birth of a new-old idea, to the spiritual sense of being and of what Life includes" (p. 191).

Drive carefully through residential streets and save a child's life.

Gretchen Phillips Wins Prizes as Year's First Baby

Young Miss Gretchen Phillips of Concord was named winner of this week in the First Baby of the Year contest of The SUN and Contra Costa Shopping News.

Gretchen will be the recipient of many lovely gifts provided by generous local merchants.

THE DAUGHTER of Mr. and Theodore Phillips of 130 Leland Way, Concord, Gretchen entered the world at 1:41 a. m. New Year's Day.

She weighed 8 pounds 14 ounces and was welcomed home by a brother, Merle, 6; and a sister, Gail, 4.

The contest was open to all babies born to parents of Lafayette, Walnut Creek, Concord, Danville, San Ramon Valley, Pleasant Hill, Gregory Gardens, Moraga, Canyon and Orinda.

Gretchen will receive a crib from Lucky Furniture Company in Walnut Creek, a gallon of pink or blue paint from Farmers Feed and Supply in Walnut Creek, and two cases of Beechnut Baby Food and a surprise package for the father from Black's Super Market in Orinda.

A G.E. ELECTRIC iron from Karefree Kitchens in Walnut Creek and Danville, \$2.50 worth of Playtex baby needs from Lafayette Pharmacy, and a "Nitey Nite" sleeping bag and a pair of waterproof panties from Orinda Pixie Shop.

A solid eastern birch maple rocker from Quaker House in Lafayette, a Better Homes and Gardens baby book from Pillsbury's Stationers of Walnut Creek and a pair of "Cozy Moe" slipper socks from Shoe Box in Walnut Creek.

AN ENGRAVED silver cup from Normand's Jewelry in Lafayette, a month's course to help mother regain her strength and figure from Joe's Physical Culture Studio in Walnut Creek and a house plant from Pleasant Hills Garden Supply.

A pair of baby shoes from Sulton's Shoes in Lafayette, a "Dyne" crib comforter from Farwell's Children's Shop in Walnut Creek and a \$5 merchandise order good at any of the above shops from Mercantile Acceptance Company in Walnut Creek.

About our happy Country Folks

By EDITH BOLMAN

"AVAST" SAID THE LADY instead of "Fore" as was her custom. She used to be a golfer but now she is the mother of a United States Marine. Ted Beckett Jr. is leaving today for training at San Diego and Camp Pendleton so Mother Beckett will, no doubt, from now on, be shooting into the air, instead of golf balls such various, nefarious, nautical nuances as would put Popeye to shame.

Portland Ducks Visit Orinda

Recent visitors—Mrs. Dom Zan and Mrs. Zan Hall, mother and sister of Mrs. Fred Mulvany. They arrived from Portland but we will control ourselves as far as any odious comparisons about the weather may be concerned. Suffice it to say that they thoroughly enjoyed the spots of interest as well as the sunshine here.

Mr. and Mrs. W. H. Mordy are just home from Honolulu. Mr. and Mrs. Earl Hughten have been visiting ex-Orindans Mr. and Mrs. Robert Little in Pasadena.

Speaking of ex-Orindans: friends of New Yorkers, the Dan Sheldons were happy to have notes from them at Christmas time.

THE RITCHIE McFEES and Fred Federighis have also had recent trips to Hawaii.

Wonderful party at the Ahwahnee in Yosemite celebrating the anniversary of Mr. and Mrs. Carl Meurck. Attended by the Stuart Hendersons, George Cliffords, Richard Tharps and Rollin Moores.

Ugh! Leaving Orinda for New Jersey

Anybody know of a tent to rent in New Jersey? Mr. and Mrs. J. C. Newell who just finished their home on Los Altos Road a year and a half ago are moving to Elizabeth, New Jersey, for the Metals Disintegrating Co. They are leaving their home to Mr. and Mrs. John Davidson.

Mr. and Mrs. Sheldon Allen and two daughters are home from a trip to Los Angeles.

THE JACK BANNISTERS were here for the holidays from their new home in Grosse Pointe, Michigan.

Don't forget—the next lecture for the Children's Hospital series will be Tuesday at the Orinda Country Club—\$1.50 at the door while the seats last—make your reservations for luncheon by tomorrow.

Open house over the holidays at the Edward Maloney's.

That's our boy, all right, by golly!

"Man of the Year" party last Sunday at the home of Mr. and Mrs. Joseph Sheaff. Surprise, of course, so the innocent Edgar Stewarts turned up at 5 p.m. as per invitation for a cocktail—just family style. Instead the red carpet was out—actually—the 30 guests lined up on each side—and the impressed Mr. Stewart was met by William Gilman who held an umbrella gaily decorated with a purple satin ribbon over the guest of honor so he wouldn't get his "Man of the Year" noggin wet in the rain.

On the walls were placards bearing such messages of love as "Local boy makes good." "Our Ed" and "Citizen No. 1." After that cocktails were served with ham and turkey sandwiches and everyone had a merry time.

Horrible situation department: Horrible for Orinda that is—the James Norths are moving East—will get the vital statistics later because none of them seem to be at home today.

INTERESTING CHRISTMAS party at the Seaver Ballards. The guests were all given gifts, attractively wrapped, in true Dutch fashion. The custom of giving the gifts is also Dutch and they were made by a Dutch friend of the Ballards who returned with them from their stay in Holland.

And so, gentle reader, no more news for today because we have just made an interesting discovery—On January 2 everyone in Orinda went inside the house, closed the door, and hasn't been heard from since Us too. Promise to do better next week if Mr. Newspaper hasn't fired us by then.

That is all.

Tots' Fears Are Explained

How to handle the emotional problems and fears of pre-school children was explained to members and visitors of the Orinda Nursery School at the organization's general meeting Wednesday night at Orinda Community Church.

Two films on the pre-school child were shown through the cooperation of the Bureau of Health Education of the California Department of Public Health.

Mrs. J. Gordon Almsworth, nursery school representative to the Civic Affairs Committee, spoke on the importance of getting out a favorable vote at the Orinda school bond election January 26.

UNLESS THE BOND issue is passed, taxes will be higher and the already crowded schools will suffer, she stated.

Mrs. W. W. Scott, program chairman, announced that interest in the nursery school's February meeting is booming to the point that the meeting will be held in larger quarters on February 10, in the Community Church social hall.

THE CONTROVERSIAL issue to be discussed at the February meeting is "Child Discipline." A panel of fathers of pre-school children will debate the subject.

Points of view ranging from the most permissive to the most Victorian will be aired at the meeting, an innovation in nursery school programs, Mrs. Scott said.

Hostesses at the Wednesday meeting were Mrs. Peter Ponting and her assistants, Mesdames W. N. Clyatt, John K. Kramer, Edmund Cardin, Dudley Dobson, J. A. Van Der Haeger and Edward Pike.

Clipper Club to Install Officers

The Clipper Club of the Orinda Community Church will meet tonight at 8 p.m. at the home of Xylpha and Joe Spencer, 25 La Campana.

Mr. and Mrs. Harry Burdick will show pictures taken on a recent European trip. Mr. Burdick was formerly organist and choir director for the Piedmont Community Church.

The following officers will be installed for the year: Skippers, Lucille and Floyd Hornbrook; navigators, Ruth and Bill Mott; quartermasters, Elva and Fred Rust; stewards, Helen and Luther Gulick; radiomen, Deborah and John Laird; gunners, Evangeline and DeLoess Winkler; pursers, Lois and Chuck Flenner; chaplain, Reverend Fred Morrow; devotions, Gertrude and John Agden; and chefs, Grace and Jim Campbell. Gail and George Sheldon, Evelyn and Howard Dail.

Community Church Business Meet Wednesday Night

Donald P. Krotz, Moderator, will preside at the 14th annual business meeting of the Orinda Community Church Wednesday evening in Fellowship hall.

A pot luck dinner will begin at 6:30 under the supervision of Sections five and six of the Women's Guild, and the business session will follow at 7:30. Published reports are circulated annually to streamline this part of the organization's business. Election of officers and board members and adoption of a 1954 budget will be included.

The Community Church vests complete control of church affairs in its members, and the annual meeting requires full democratic participation, Krotz said.

Families attending the dinner are asked to call Mrs. A. K. Harmon, Orinda 3588, or Mrs. W. J. Davidson, Orinda 5331. Child care will be furnished if requested.

Officers reporting include Moderator Krotz, treasurer Ernest Poll, auditor James G. Hupp, clerk Carrie L. Brown, superintendent E. D. Howe, O. W. Reid, W. J. Davidson and G. Roy Nicolayson are chairmen of the three main boards which carry on the church activities. Nominating committee to present candidates for 1954 offices is Stanley M. Hudd, Mrs. E. A. Dawson, R. H. Phelps and Mrs. D. P. Krotz.

Rev. Hill Will Bless Vessels

Two sterling silver cruets will be blessed by the Rev. Charles M. Hill, vicar of St. Stephen's church, at the Episcopal service Sunday at 5 p.m. in the Orinda Community Church.

Vessels for the wine and the water used in the worship services, the cruets are the gifts of the St. Stephen's Altar Guild, as part of the altar appointments for the new St. Stephen's church under construction on Via Las Cruces in the Charles Hill area of Orinda.

Other gifts include a white and gold dossal hand-woven by Mrs. M. M. Garrett, which will hang over the altar of the new church, and three pairs of office candelabra given by Mrs. Florence Sullivan, Mrs. H. Hunt, and Mrs. E. F. Hockenbeamer.

Special music has been prepared by St. Stephen's Choir under the direction of Mrs. T. J. Fahay, the group singing as offertory anthem, "Incline Thine Ear" by Tinnel, with James A. Brown appearing as soloist.

The Reverend Hill has announced that both the Sacraments of Baptism and Confirmation will be administered on the day the new church is dedicated. He has asked that those persons desiring the Sacraments should contact him at the vicarage on Via Las Cruces, or call him at Orinda 3139.

Bread and Breath Is Sermon Theme

Reverend Fred R. Morrow and his student colleague Raymond L. Welles will cooperate in the conduct of the two Sunday morning services of the Orinda Community Church Sunday at 9:30 and 11 o'clock.

An assembly for junior age Sunday school members takes place in the chapel at 10 a.m. under the leadership of Everett D. Howe, and Mr. Welles will speak at the fourth service at 8:15 p.m. in connection with the two hour youth meeting. Six special children's assemblies and worship periods will be conducted during the morning hours in departmental rooms.

At 11 o'clock Rev. Morrow will deliver a sermon on "Bread and Breath." The chapel choir and organist will participate. Marena Hewitt serves as organist at the earlier services.

Orinda residents not associated with some other church are invited to investigate membership in this Christian fellowship representing Congregationalists, Methodist, Baptists, Presbyterians and six other denominations in Orinda.

De Mayers Spend Time in Islands

Marty De Mayer, 11 son of Mr. and Mrs. Leighton Demeyer, 18 Ardor Drive, Orinda, left December 27 by plane for the Hawaiian Islands.

He stayed with friends until his parents, who left January 2, arrived in Honolulu.

The De Mayers stayed in the Islands for two weeks.

Associations to Plant at Del Rey School Sunday

Del Rey School will look entirely different Monday morning, if it doesn't rain Sunday.

All the community Associations neighboring the new school are providing labor and materials to landscape the central area.

"There will be two strong-arm shifts with adequate feminine moral support, to drive the men on to complete landscaping," said Mrs. G. W. Mulks. "These shifts will start shoveling at 10 a.m. and 2 p.m., and no one is expected to destroy himself or work for more than two hours," she added.

"WE HOPE TO have ready for the Monday morning school session a pleasant surprise, with the sincere belief that all children enjoy

and respect their environment when it is of the quality and beauty they deserve," she added.

"We will continue to support our school and extend, improve and maintain the landscaping now started."

Anyone wishing to contribute plant material or ideas may contact Mrs. Mulks at Drake 6-4462.

ASSOCIATIONS participating include Lost Valley Community Association, Inland Valley Improvement Association, Moraga Woodlands Community Association, Lincoln Estates, Hacienda Ranchitos, Hall Drive and Ardor Road group and Moraga Del Rey Community Association.

GOP Women to Resume Meets

Orinda Republican Women's Club will resume regular monthly meetings Thursday, 10 a.m., at the Orinda Community Church.

President Jane Barrows stated that activities for 1954 will be discussed. Mrs. Barrows emphasized the importance of member participation and helping to formulate plans for the election year ahead.

An invitation to attend the meeting is extended to new residents of the area, and they are reminded that here will be a registrar present to register new voters.

Mothers To Hear Teacher

There will be a general meeting of the Orinda Mothers Club Tuesday at 1:45 p.m. at Orinda School.

Dr. Edgar J. Hinkel, prominent Bay Area child psychologist, will speak on "Child Training in the Home and at School." A question and answer period will follow the talk.

Dr. Hinkel received his Ph. D. from the University of California and has studied in Europe. He is a consultant to the Bureau of Rehabilitation, State Department of Education.

Refreshments will be served by the Orinda and Sleepy Hollow first grade mothers under the direction of Mesdames R. J. Beckett, Albert McCann and Austin Kelly.

GO TO CHURCH SUNDAY

St. Stephen's Buys Stained Glass

As gifts and memorials, eight stained glass windows have been purchased by devoted members of St. Stephen's Episcopal church for their new building on Via Las Cruces in Orinda.

Offered for sale at the Feast of Lights ceremony January 6, eight windows of the total 19 included in the church specifications have been bought at the present time, with Mr. and Mrs. James A. Brown donating the large patronal saint transluency to be installed over the main entrance.

Mr. and Mrs. William Sparling have given a lancet window of the Resurrection. The two lancet, or long, narrow windows in the sanctuary are on either side of the altar, one depicting the Crucifixion and the other the Resurrection. The Crucifixion is still to be sold.

A WINDOW IN the nave or main body of the church, has been purchased by the Ingebrigtsen family, H. P. Ingebrigtsen and his two daughters, Mrs. Alex Ganiatz and Mrs. Clyde Johnson, in memory of Mrs. Ingebrigtsen.

Other nave windows were donated by Mr. and Mrs. Jack Ryan, Mr. and Mrs. Arthur B. Johnson, Jimmy Hill, Mr. and Mrs. Thomas St. Hill, and the 30 members of the Young People's Fellowship of St. Stephen's church.

PREDOMINANTLY DARK blue, the religious portraiture is being executed by the H. Dombink Company of Oakland to the drawings of A. L. Cartwright, artist and designer. Ruby red, dark gold, greens and browns are being utilized in the stained glass representation of the life of Christ and the establishment of the Christian Church.

In chronological sequence, the St. Stephen's windows will begin with the Annunciation and end with the Resurrection, and will include the Nativity, the Flight into Egypt, the Christ Child in the Temple, His Baptism by St. John, several miracles, and the Last Supper, as well as other scenes from the early Christian era.

THE LARGE PATRONAL window will depict St. Stephen, the first of the Christian martyrs, with St. Peter on one side and St. Paul on the other, each with symbols derived from events in his life or his contributions to Christianity.

Distinguished in the art glass field, the Dombink Company was founded in Oakland 52 years ago by Heinrich Dombink, and now includes, as well as the founder, his two sons, Henry and William.

Democrat Women Plan Bake Sale

The Democratic women of Orinda will give a food sale at the Orinda Hardware Store Saturday, January 23, for the benefit of the March of Dimes. Hot dishes and salads will be offered, as well as bakery goods and candy.

The National Foundation for Infantile Paralysis hopes to give the new serum to a million children this summer, and since this will be a very costly undertaking, the local chapters have been asked to contribute much more than formerly.

Orindas quota is \$10,000. However, the Foundation believes that there is a very strong chance that this will put an end to new polio cases. Help us reach our goal by patronizing this and other fund raising projects, a spokesman asked.

President Mrs. Fred Twining, called upon the various officers to give their annual report. The report of Treasurer Mrs. Stanley Hunn showed a good bank balance with which to begin the new year.

WAYS AND MEANS chairmen, Mesdames John Ogden, Elbert Wayne, and A. K. Harmon told of the financial and social success of the spring card party, the June luncheon, and the fall festival.

Mrs. Ramsey reported briefly about the interesting and inspiring meetings of the church federation she had attended as commissioner.

Mrs. Jesse McMillan reported she had sent for the Guild 37 boxes overseas of clothing and toys and 88 boxes for needy in our own country.

Mrs. James Hupp stated that the amount collected from the thank-offering boxes was \$145.76.

Reverend Fred Morrow thanked the Guild for its help during 1953, and then with appropriate words installed the following officers for 1954:

President, Mrs. Robert Brown; vice president, Mrs. D. L. Watkins; recording secretary, Mrs. Joe Creighton; corresponding secretary, Mrs. W. H. Van Duff; treasurer, Mrs. D. P. Krotz; Mrs. William H. Mordy; historian and publicity, Mrs. G. Chester Brown; program, Mrs. John Gilmore; devotions, Mrs. W. C. Branch; membership, Mrs. F. B. Hornbrook; philanthropy, Mrs. Jesse McMillan and Mrs. R. H. Usinger; nominating chairman, Mrs. Richard P. Hafner; thank offerings, Mrs. A. W. Elkinson and advisor, Mrs. Fred Twining.

Seafarers See Films at Party

The seafarers had a delightful new year's party January 8 at the home of Ralph and Ruth Wilson. Assistants the hostess in serving dessert to the 21 members was Mrs. G. Chester Brown.

A number of novel games were played and colored slides were shown by the new skipper, Dr. Murray Groves, showing Orinda scenes taken by Mr. Fred Morrow, Yosemite and other scenes taken by Ralph Wilson, and a number of Guatemalan scenes taken by N. H. Fleming when he and his wife were recently there.

The February 5 cruise of the Seafarers will be to the Charles D. Gable home.

Diablo Meeting

All Girl Scout mothers and officials are invited to attend the annual luncheon meeting at the Diablo Country Club January 27 at 12:30 p.m. District Chairmen Mrs. Margaret Bowman and Mrs. Dorothy Bowman have tickets available until Wednesday.

Recognition pins will be presented and there will be election and installation of officers. Mrs. J. Orr Kyle of Alamo is chairman.

Mothers' Lunch

Mrs. Marvin Bonds entertained the mothers of Scout Troop 47 January 6 at her home for lunch. Those attending were Mesdames F. R. Devin, W. R. Haeefe, Charles Biesel, George Pink, Murray Sharp, Elmer Eyles, Vernon Axelsson, George Knudson, Jas. DeKorn, Henry Harris, Rees Paine, and Troop Leader, Mrs. Vernon Axelsson.

Guild Reviews Activities, Plans Ahead

The Women's Guild of Orinda Community Church met January 4 for a luncheon and installation of new officers. The tables were prettily decorated with petite bouquets of winter iris centered with a short stemmed white chrysanthemum.

The hostesses preparing and serving the luncheon were members of the Board.

The program opened with the introduction by Mrs. Charles Blue of the soloist, Margaret Popovich, and her accompanist, Dan Popovich.

President Mrs. Fred Twining, called upon the various officers to give their annual report. The report of Treasurer Mrs. Stanley Hunn showed a good bank balance with which to begin the new year.

WAYS AND MEANS chairmen, Mesdames John Ogden, Elbert Wayne, and A. K. Harmon told of the financial and social success of the spring card party, the June luncheon, and the fall festival.

AAUW Guests Will Discuss Fellowship

Miss Claire C. Thursby and Mrs. Vera Kistiakowsky Fischer will be guest speakers at the general meeting of the Walnut Creek branch of the American Association of University Women Wednesday at 8 p.m. at the Alamo Women's Club, Danville Highway.

The program will be a study of the Fellowship Program in AAUW. Miss Thursby is State Fellowship chairman and Mrs. Fischer is an American fellow who is presently studying at the University of California.

Members are urged to attend this meeting as it will be a very instructive lesson in the history and significance of the Fellowship program in AAUW.

Miss Thursby, educator, author and traveler, did her undergraduate work at the University of Wisconsin; she received her M.A. at the

University of California and did graduate work at Columbia.

Miss Thursby has been very active in AAUW for many years. She has just completed a two year term as president of the Berkeley branch and held several other offices previous to the presidency. At present she is State Fellowship Chairman.

After the talks there will be a question and answer period. Mrs. Fischer will be questioned on the procedure and mechanics involved in obtaining an AAUW scholarship, plus her work as an American fellow.

Before the meeting, there will be a no host dinner at the Danville Hotel with Miss Thursby and Mrs. Fischer as guests of honor.

Dinner will be at 6:15 p.m. and the price is \$2.25. Those who wish to attend are asked to contact Mrs. Edward Dunlap, Walnut Creek branch Fellowship chairman, at YE 4-9678 for reservations.

Local Couple Tells Troth

A New Year's Eve party at the home of the future bride announced the engagement of Norma Louise Humbert of Alamo and Arthur William Anderson Jr. of Walnut Creek.

A June wedding is being planned by the couple.

She is the daughter of Mrs. Lorenz Humbert and the late Mr. Humbert of Alamo. A graduate of San Ramon Valley Union High School and San Francisco State College, Norma teaches for the Mt. Diablo Unified School District.

She has one sister, Mrs. John Overholtzer (Betty Humbert).

Arthur is the son of the senior Arthur W. Anderson of Walnut Creek. Also a graduate of San Ramon Valley High, he was given a degree in civil engineering from the University of California. He has a brother, Jean Anderson, a Stockton teacher.

Diablo Women's Golf Group Picks Leaders

The Women's Golf Group of the Diablo Country Club recently held a luncheon party to select retiring officers and install new ones.

Incoming officers include Phyllis Comer of Lafayette, captain; Evelyn Anderson of Orinda, co-captain; Barbara Ingalls of Lafayette, secretary; Mona Rizzo of Oakland, treasurer; Gertrude Reynolds, Walnut Creek, handicapper, and Fredericka Irwin and Fran Owsley of Diablo, tournament.

"Our size has doubled from 35 members last year to more than 70 this year," said Mrs. Comer, "and we will certainly welcome any women who are interested. We have planned many fine parties and tournaments for the coming year."

Outgoing officers include Harriet Bowman, Bernice Herzog, Helen Balaam, Lillian Perry, Phyllis Comer and Fredericka Irwin.

Mitchells Vacation In Southland

Mr. and Mrs. James N. Mitchell, 47 Ardilla Road, Orinda, were at the Huntington Hotel in Pasadena for a few days preceding and including New Year's Day.

Mr. Mitchell was one of the officials in the Rose Bowl football game. Following the game, the Mitchells left for Palm Springs for four days before returning to Orinda.

SHINING THE SILVERWARE. Mrs. Sanford Marlor, Mrs. John Enright and Mrs. Quentin Reynolds prepare for a fund-raising tea of the Walnut Creek Republican Women's Club. Held at the home of Mrs. Reynolds Wednesday, the tea was highlighted by a talk by Assemblyman Don Doyle.

BPW Initiates Anne De Biasi, Gordon Taylor Four Monday Wed in Danville

Initiation of four new members will highlight the dinner meeting of the Lafayette Business and Professional Women's Club at Rancho Grande, Lafayette, Monday night. President Ethel Fowden will open the session, which will start with dinner at 7:30.

To be initiated are Mary Porter, first grade teacher at Lafayette School; Eloise Crum, substitute teacher for the Lafayette School District; Rosemarie Miner, clerk at the Greyhound bus depot in Lafayette; and Barbara Davenport, visiting nurse.

Dorothy Byron, financial secretary of the Bay Valley District of the BPW, will conduct the initiation ceremonies.

Members can bring guests to the affair, according to Vice-President Nell Kennedy.

Mrs. Anne De Biasi of 3243 Sweet Drive, Lafayette, thought she would slip away quietly for her marriage December 27 to Gordon Taylor of Oakland. She told only a few close friends of her plans before she and Gordon were married that Sunday at 4 p.m. in the Community Presbyterian Church in Danville.

Mr. and Mrs. Jack Deming, of Alamo, and formerly of Sweet Drive, were the couple's only attendants.

THE NEWS OF THE WEDDING got around, however, and when the newly married Mr. and Mrs. Taylor came back to Anne's Sweet Drive home, where the couple plan to live, a triple reception was awaiting them.

First, there was a congratulatory gathering at the Russell Smiths' of 637 Sweet Court. Then the E. E. Leightons called and asked them to drop in at 3230 Walnut Lane for a round of best wishes. The newlyweds were greeted there with showers of rice and confetti and a crowd of well-wishing neighbors.

THEN THE PARTY went to another Walnut Lane home, that of Richard Taylors, for the traditional cake and champagne reception.

Anne is the daughter of Mrs. Anne Kvasni of New York; and Gordon, a safety instructor at the Naval Magazine in Port Chicago, is the son of Robert Taylor of Oakland.

Providence Hospital Unit Officers Told

Mrs. William G. Robinson of Evelyn Court, Lafayette, will head the Santa Maria Branch Junior Guild of Providence Hospital for the year of 1954.

Election of officers was held at the December meeting at the home of Mrs. Robert Pohl of Danville and the following members were elected to serve with Mrs. Robinson:

Mrs. John D. Rarig of Lafayette, vice-president; Mrs. John P. Larsen of Lafayette, recording secretary; Mrs. Walter P. Ruedrich of Orinda, treasurer.

Appointed as committee heads for the term were ways and means, Mrs. George Maxon and Mrs. Irwin Bornholdt; sewing, Mrs. Thomas Moran Jr.; choir, Mrs. John Hefty Jr.; publicity, Mrs. Edmund L. Macdonald Jr.

Members at large are Mrs. John Heuer and Mrs. Louis M. Fekete. Serving on the central board will be retiring president, Mrs. John M. O'Brien and Mrs. William G. Robinson.

The next meeting of the branch will be January 19, 8 p.m., at the home of Mrs. Irwin Bornholdt on Botelho Drive, Walnut Creek, when Mrs. Robinson will outline plans for the year's activities and discuss the all-branch party which is to be held soon.

Snowflakes Theme Folk Dance Affair

Alcalanes Folk Dancers met Saturday night at the Danville Veterans Memorial Hall. The committee in charge of the club's first party of the year chose a "Snowflake Flurry" theme.

Walls were decorated with posters picturing Alpine snow sports. Large white snowflake replicas covered the windows. Dining tables were trimmed with conifer branches and cones.

Special guests, representatives of the Folk Dance Federation of California, were Leonard Murphy, president; Bill Sorenson, business manager, and his wife Trudi.

Round and square dances made up the program. Squares were called by Taylor Holt, club member, and special guest callers Stan Valentine and Leonard Murphy, which added a highlight to the party.

The committee in charge was Floyd and Beth Godwin, Ted and Marion Darger and John and Ruth McKirahan.

Palm Beach Holiday

Mrs. U. B. Smith and sons Martin and Dwight spent the holidays following Christmas at Palm Beach enjoying the swimming and living in the warm sunshine. New Year's Day they drove to Pasadena and saw the Rose Parade which they thought an unusually beautiful spectacle.

Sorority Alums To Hold White Elephant Sale

Contra Costa alumnae chapter of Gamma Phi Beta sorority will meet again Tuesday at 8 p.m., at the home of Mrs. Don B. Woodcock, 136 Las Vegas Road, Orinda. Mrs. Woodcock was the first president of this active organization now several years old.

Mrs. Richard B. Rice, president, will report on proposed activities for the new year. At the close of 1953, Gamma Phi Betas of this area presented a gift to the Mt. Diablo Therapy Center, as a fitting holiday gesture, and Mrs. Rice will tell the group how the Center proposes to use the money.

A white elephant sale is planned, with Mrs. William Patterson in charge. Not only is this a money-making event but a very amusing one, from past experience, Gamma Phi Beta alums are urged to attend.

Steels Relax in Sun

Recent vacationers at the Camelback Inn, famed desert resort near Phoenix, Ariz., were Mrs. V. W. Steel and her three children, Eric, Allison and Gordon, of Lafayette.

Rainbow Unit to Honor Officer

A reception honoring Grand Officer Jeanne Shelley, will be held at 8 p.m. tomorrow in the Masonic Temple, Galindo Street in Concord, by the Concord Assembly 15, Order of Rainbow Girls.

Mrs. Marian Millard is Mother Advisor for the group. Laura Shelley, Jeanne's sister, is present Worthy Advisor.

Jeanne, past Worthy Advisor of the Concord Assembly, is a graduate of Mt. Diablo High School, and is presently a sophomore at the University of California majoring in education.

During the summer, Jeanne worked with the Pleasant Hill Recreation District as playground supervisor at the Diablo Vista Elementary School. Governor of Girls' State in 1951-52, she is presently president of the State Plymouth Fellowship group of the Congregational Church.

The public is cordially invited to attend the reception in Jeanne's honor.

Drama Group To Present Play in Round

The Dramateur Workshop, under the direction of Jim Stanislawsky, is presenting in the round "The Perfect Life," a one act play adapted by Stanislawsky from an English story to be given at Fellowship Hall, Orinda, Monday evening at 8 at the regular monthly meeting to which the public is cordially invited.

The cast includes Alice Swenning and Peg Stanislawsky of Berkeley; Leonard Nachman of Oakland, President Bruce Winkworth from Orinda; Lucette Allinson of Concord and Stanislawsky.

"The Perfect Life" is the first finished production of the many scheduled to follow by the Dramateur Workshop.

Also at the Monday meeting, the Dramateurs are holding tryouts for "The Cocktail Party" by T. S. Elliot, to be given as a concert reading, March 5 at Berkeley Little Theater.

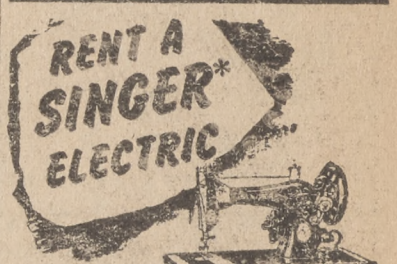

Mrs. Dexter Weimar Head

Mrs. Roger Dexter was chosen president of the Women for Weimar at a meeting January 7 at her home on El Toyonal, Orinda.

She will be assisted by Mesdames George Klement, Zach Montgomery and Ernest Spiegel.

The women are planning their program for bringing cheer to the more than 70 children at the tuberculosis sanatorium at Weimar. First on the list for this year will be the Valentine party. Tray favors, valentines and a special movie will be sent to the children.

Mrs. Robert Diehl is in charge of sending birthday gifts to the children each month, and occasionally sends some special cookies for a birthday party.

For cooking that never keeps you home

Go Modern
with a new automatic **Gas range**

Just think of the carefree freedom you can enjoy with a new modern automatic gas range. All you do is set your oven to the time and temperature you want cooking or baking to start. And it shuts off automatically when things are done. You'll also save precious time every day with a thousand-and-one top-burner cooking speeds. Cooking starts the instant the clean blue flame is on. Everything tastes better, and your kitchen's cleaner too, when you simmer-cook with covered pots and pans. See your local Gas appliance dealer today...and go modern with a new automatic Gas range.

GAS costs LESS today than it did in 1940!

You can bake 8 pies for less than a penny...with GAS!

Dons Eye Knight, Ram Games

Antioch, Diablo Likely to Win—Barring Upsets

The Dons draw a bye in tonight's schedule of basketball games but will be watching with interest as to what other clubs in the circuit do.

Every game has an effect on the final standings in a race that looks to be one of the league's best ever.

All contests tonight start with the Bees at 7 o'clock, to be followed by the Varsity.

LAS LOMAS looks to be in for a double loss when the Knights tackle Antioch at Antioch, although the Varsity game could be an upset if Arne Lundquist, elongated Knight center, has one of his better nights and gets a bit of help in the scoring column from his teammates.

In the Bees, it looks like Antioch, which has an edge in scoring power plus home court.

THE PLEASANT HILL Rams try their luck on the Diablo court, with Mt. Diablo's five furnishing the competition.

Again, it looks to be a case of too much depth and experience on the part of the opposition, with Diablo's Devils off the long end of the score. Any other result would definitely come in the upset class.

Pittsburg hosts John Swett and figures to take a double win.

PITTSBURG showed to league advantage in the pre-league season tournament play but had the wind taken out of its sails when Albany trounced the Pirates in the Varsity division.

Pitt's only consolation came when it copped a win in the Bee division. Crockett appears to be anything but a title contender, and Pittsburg on the rebound should prove too tough for the John Swett Indians to handle.

The Steel City lads are rated the favorites in both the Varsity and Bee contests.

ALHAMBRA closes out the evening's play as it hosts Albany. The Bees are a tossup, while in the Varsity division, Albany is the favorite despite the claims of Martinez "red-hot."

It's been proclaimed long and loud that this is Alhambra's year, but chances are that Alhambra's Varsity will end up in third place at the best, while Albany, on the basis of record and come-through ability, could well repeat as champion.

Alhambra with a good performance and Albany with a bad one might upset the dope bucket, but don't bet more than you can afford to lose on that happening.

Young Republicans to Elect Officers

Plans are being completed for surprise entertainment features at the Contra Costa County Young Republican rally January 23 at the Lafayette Veterans Memorial Hall at 8:30 p.m.

The rally will honor new Young Republican Clubs from Pittsburg, El Sobrante and Antioch.

Ed Osgood, state Young Republican president, will attend and welcome members from all sections of the county.

SPORTS

Acalanes Varsity Scalps Indians; Don Babes Lose

Acalanes Varsity continued its winning ways Tuesday afternoon when it was an ungracious host to John Swett Indians of Crockett, and banged out a 55-31 league win.

The Don Babes lost the Bee game to the Paposes by only two points, 35-33.

The Acalanes Varsity has had three wins in three outings. The Don Babes now have a record of two losses and one win in league play.

Red Jones, ace forward of the Acalanes Varsity five, gave indications of things to come when he potted two floor shots from 20 feet out in the opening two minutes of play.

Guard Bart Perro contributed another two points on a 15-footer, to give the Dons a 6-0 lead.

THE DONS were never to be headed as they jumped to an 18-8 first quarter lead and left the floor at halftime with a comfortable 31-18 margin.

Coach Jean Ridley used reserves liberally throughout the game, with all showing to advantage as they outscored the visitors 12-5 in the third period and tallied a 12-8 margin in the final quarter to score the decisive win.

JONES led the victors with 12 points, while Perro and Rod Kistinger were next in line with 8 apiece.

The win also kept intact the Acalanes record of never having lost to John Swett.

IN THE Bee tilt, the Don Babes got off to a slow start, tallying but 5 points in the opening quarter.

The Swett Paposes were little better, as they had only 6 to show for their efforts.

Things picked up for the Dons at the halfway mark as they went out in front 16-4.

THE GAME was nip and tuck the rest of the way, only to have the Don Babes dropping the contest in the closing minutes, when Swett went ahead on foul shots and copped the win.

Terry Ashe paced the Babes with 11 points, while Ed Nunes held Swett's cause no end when he led the winners with a nifty 17 points.

Spring Sports Vistas Vary for Knights, Rams

What are the spring sports perspectives for Las Lomas High School's Knights and Pleasant Hill High School's Rams?

The guesses vary. On the basis of their athletic showings to date, plus the fact that they have fine coaching staffs, Las Lomas and Pleasant Hill promise to be stiff competition for the rest of the league in the not too distant future.

But what about the spring of 1954?

LAS LOMAS has new tennis courts, new track and a new baseball field.

The Knights will be entering competition for the first time in tennis and baseball, so it will definitely be a year of building.

In track Las Lomas had some outstanding performers last year and should do better than all right in 1954.

THE PLEASANT HILL Rams are in their first year of existence, and facilities have been meager, to say the least.

Lack of a football field and a home basketball court has handicapped them.

Their baseball and track facilities are in the making, but when they will be available is the big question mark.

No one, including the coaching staff, will know what the school will have in the way of teams until the seasons roll around.

Prep Hoopsters To Play Another Round Tuesday

On Tuesday the Acalanes Dons will face what could be their toughest opposition of the basketball season when they host Albany at 3:30 p.m.

Las Lomas will tangle with Alhambra at Walnut Creek the same day, and Pleasant Hill travels to Pittsburg.

John Swett and Antioch will round out the day's schedule with a game at the Sugar City.

Diablo will rest on its laurels, as it draws the bye.

Knights Beaten By Cougar Fives

Las Lomas met a rough and ready opponent Tuesday afternoon and came out on the short end of the score when Albany copped the Varsity tilt by a 68-24 score and took the Bee game, 42-30.

Both games were played at Alhambra.

The Albany Cougars, defending champions and favorites to repeat, simply had too many guns for the inexperienced Knights and had things pretty much their own way.

Joe Dorsey was top scorer for the Cougars, netting 18 points.

Coach Merrill Callow's top scorers were Arnold Llanche with 8 and Orne Lundquist with 5.

Coast Guard Reserve Open to 17 Year Olds

Enlistments in the United States Coast Guard Reserve are now open to men 17 years old, it was announced recently.

Rams Lose Two To Alhambra

The Pleasant Hill Rams lost a doubleheader to Alhambra High Tuesday in games played at the Martinez gym.

But in losing they looked good and came through with a much better showing than expected in view of their inexperienced crew.

ALHAMBRA'S VARSITY, with a veteran club, found the going tough as the Rams, paced by Jim McMillan with 14 points, held the Bulldogs to a 20-17 halftime lead.

In the second half Alhambra pulled away to end up on the long end of a 42-32 score.

IN THE LIGHTWEIGHT contest, some sort of a record was set when the Rams went out in front 11-10 at the halfway mark, only to fail to score in the second half while the Bulldogs rattled the boards for 21 points and a 31-11 win.

Bob DeVries led the winners with 10 points on five field goals.

Don Cagers in Unbeaten Class

The Acalanes Dons, Mt. Diablo, Albany and Alhambra all came through with wins Tuesday.

As a result, the league finds the four in the undefeated class, with Acalanes and Mt. Diablo sorting three wins apiece, while Alhambra and Albany have two apiece on the right side of the ledger, each club having drawn a bye to date.

Antioch and John Swett each has a win against two losses, while Pittsburg has no wins and two losses.

Las Lomas and Pleasant Hill trail the pack with each showing three losses and many a win.

Mt. Diablo Varsity defeated Antioch Tuesday, 50-35.

Pleasure Ride

The Concord - Mt. Diablo Trail Ride Association's monthly pleasure ride will leave from the home of Mr. and Mrs. Raymond C. Johnson, 50 Smith Lane, Concord, at 10 a. m. Sunday, according to George Cardinet Jr., activities chairman.

Cast Named for Intimate Theater Play

Walnut Creek Intimate Theatre recently announced the cast for their forthcoming production of "Craig's Wife."

Cast includes Harriet Craig by Edith Dinkin, Walter Craig - Jack Varner, Miss Austen - Frances Shurtliff, Mrs. Harold - Orellia Salonen, Ethel Landreth - Corinne Neumann, Mrs. Frazier - Shirley Chalk, Fredericks - Charles Besley, Joseph Catelle - Malcolm Sagenkahn, Billy Mazie - Judy Sagenkahn, Eugene Birkmire - Bill Stanton and Harry George Becker.

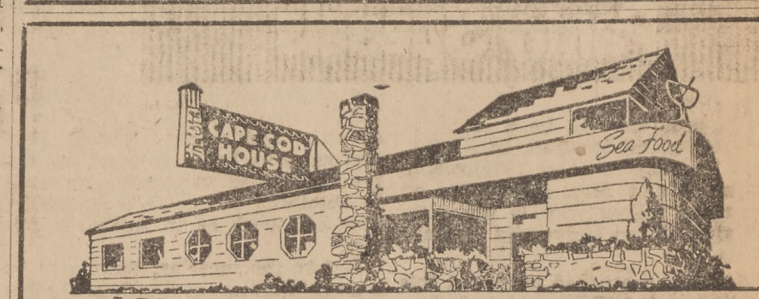

The play is scheduled for presentation in early March.

According to director Leon Dinkin, the veteran cast should give an effective performance of this fine play which underscores one of the tragic characters in modern society — the woman who has made her house and possessions the major emotional outlet of her life.

\$19,500!
Close in Lafayette, secluded yet walking distance to downtown. Attractive redwood rustic ranch home, on a beautifully landscaped lot. Cheerful kitchen with breakfast nook, 3 bedrooms, 2 baths, hardwood floors, central heat, large patio and barbecue. A very clean home in a nice district, just 3 years old. Excellent value.

\$11,950!
Good, clean 3 bedroom home in excellent condition inside and out. Double garage, hardwood floors, level lot, completely fenced and well landscaped with lawns and trees, sprinkler system. And cheap canal water at just \$6.50 per year. Very good financing on this home—why pay rent. A very good buy.

Contra Costa Realty Co. 3265 Mt. Diablo Blvd., Laf. 2222 "Backed by a Lifetime in Contra Costa County"

BUSINESS

lot near Park Theater in Lafayette, 137 front feet. Price reasonable considering large front footage and excellent location. See your broker or call Lafayette Sun.

Your Garden
Manganese, Aider of Plant Metabolism, Is Needed as Nutrient in Home Garden
By BERT WRIGHT
IN ITS PURE STATE, Manganese is an extremely hard, brittle metal, which finds great use in imparting hardness to alloy steels.
In soils, however, it exists as dark-colored mineral oxide of the metal. The total supply is quite variable from one soil type to another. In New Jersey alone, it has been shown that the total manganese content of soils varies all the way from 180 to 10,400 pounds per acre.
Deficiencies of the element occur most frequently on alkaline soils which, although containing plenty of total manganese, are unable to supply it to plant roots because it is in a form that they are unable to use. Sometimes when acid, sandy soils are overlimed, this same condition may prevail.
THE MOST USUAL deficiency symptom is a yellowing of the tissue between the veins of the leaves. Stunting of the plants also occurs. Little is known definitely concerning the functions performed by manganese in plants, but this element is involved in the metabolism of the plant in utilizing nitrogen, manufacturing carbohydrates and other chemical processes.
It is known to be an activator of certain enzymes in plants as well as in animals. It works as a partner of iron in the latter function.
UNLESS ALKALINE soil conditions prevail in your yard, extreme manganese deficiencies probably will never show up.
Use of complete plant foods maintains a small but adequate supply of this element under all but the most extremely alkaline conditions.
The effect of overliming, however, should serve as a warning to all gardeners, to be sure that soils need lime, actually, before applying it.

Benes to Start Driftwood Class
Bohus Benes, lecturer in political science on weekdays and driftwood sculptor during weekends, will start a class on driftwood sculpture at 10 a.m. tomorrow at the Craft Shop, 3861 Mt. Diablo Boulevard, Lafayette.
The course is planned both for beginners and advanced students and will consist of 10 lectures and demonstrations, each meeting lasting two hours.
It costs you at least \$2.50 extra when you go through the Tunnel to shop. Save at home!

Long's Statement Is Almost Funny

Recent statements by Sheriff James N. Long about illegal pin-ball operations in Contra Costa County are both confusing and revealing.

Interviewed just two weeks ago, Long said he had no knowledge of illegal pin-ball games in the county and added, "We'll certainly look into the matter and stop it, if it's true."

That the sheriff should know nothing of illegal multiple-play pin-ball games is hard to understand. In the last six months he has been notified of their operation in telephone conversation, in articles in The SUN and through his deputies.

Furthermore, a great number, if not all, of his deputies are aware of the illegal machines. While patrolling they see them regularly in bars and restaurants throughout the county.

Long's expressed willingness to investigate and halt these operations is even more confusing, because he has failed to do so in any adequate manner so far.

His officers shut down illegal multiple-play pin-ball machines in Lafayette and Orinda twice within the last six months, but AFTER EACH SHUT-DOWN OPERATIONS RESUMED.

He has not actually demonstrated this willingness in regard to illegal operations in other areas of the county.

Taken together, Long's statements seem to have another purpose. They seem designed to suggest that illegal pin-ball operations in Contra Costa County are so small in scale and so insignificant as to warrant little serious attention.

His denial of any knowledge of the matter carries the suggestion that illegal pin-ball games are hardly noticeable.

In another comment, he referred to "a few" machines which were shut down some months ago, implying that these "few" games were the only ones in sight.

The implications of his statements are ridiculous and without foundation in fact.

At the time his deputies shut down "a few" machines in Lafayette and Orinda, there were 23 illegal machines operating wide-open in Lafayette, Orinda, Walnut Creek, Alamo and Danville.

This figure does not include any other area, such as Pleasant Hill and other unincorporated sections of the south-central county where dozens of other machines were — and still are — in full-scale operation.

It does not include the north-central, eastern and western sections of the county where still more illegal pin-ball games were — and still are — going full blast.

It would be reasonable to estimate that the 23 machines operating in just a part of the local area represented a yearly gross "take" of \$25,000, and that the total yearly "take" in the county would be at least one-quarter million dollars.

Nobody, including Sheriff Long, can blithely disregard illegal gambling on this scale.

Nor can he explain why a general investigation of such illegal pin-ball gambling should not be carried out.

Sheriff Long has, at one time and another, talked about his short-handed force and about the need for private citizens to report instances of illegal gambling.

But, when this gambling is so wide-spread and represents a real problem, his arguments do not hold water.

His deputies are working hard and are all too few in number, but some time must simply be found for investigation of illegal pin-ball operations when those operations are as large as they are here.

By the same reasoning, investigation based on haphazard complaints by private citizens cannot cope with a problem of this scale.

Pin-ball gambling in Contra Costa County cannot be belittled. It is operating on a wide scale and it must be stopped by the proper authorities, the sheriff and the district attorney.

Whatever the weather...

your wash always dries in an electric dryer

No washday weather worries... no lugging, no clothes pinning! You always get laundry dry and fluffy when you have a wonderful electric clothes dryer. Or simply set a control—clothes come out just damp enough for easy ironing. And you cut down color fading, end wind drying. With low P. G. and E. electric rates, you can run a dryer for just pennies a week. See your appliance dealer today—about a modern, electric clothes dryer to lighten your work—brighten your washdays.

Electricity is cheap in California!

What They Say...

What Improvements Do You Want?

Central Contra Costa residents are aware of the problems of their area, and they are not reticent about suggesting practical changes.

The SUN called on several of them to give their ideas on what the area needed most by asking "What major changes would you like to see occur in this area during 1954?"

And here are the comments: "I'D LIKE TO SEE a heck of a lot more schools," said Jack Lee, 18 Alta Vista, Orinda. "We need 'em all over. People are moving out here so fast we can't keep up with the growth, and schools are among the things we need badly."

Mrs. Marcel Lescure, 963 Moraga Road, Lafayette, is also concerned about children, but those a little older. "I would like something to entertain teen-age boys," she said.

"DANCING, SOMEWHERE where they could go for recreation — that is very important to me. I have two teen-agers myself, and now they have only private parties and school functions for entertainment. I think a recreation center for teen-agers would be good."

EDMUND LERCH, 47 Charles Hill Road, Orinda, says "I think out in this area at least, we could probably use a couple of more

stores or a well planned shopping center."

"Now it's either into Oakland or into Walnut Creek and I think a nicely laid out shopping center would be in order."

"Some decent highways would be my idea of improvement," said Herman C. LeSueur, 3195 Rohrer Drive, Lafayette. "I think I'd like to see Shepherd Canyon go in — it would help our area."

"NEW ROADS," was the simple and direct answer of Bill Hedding of 1275 Geary Road in Walnut Creek.

"I would like to see something done about the traffic problem on Main Street," said Mrs. Cecil Jensen of 1748 San Miguel Drive in Walnut Creek.

"MORE PARKS," was the answer of John C. Robinson of 125 Byron Drive in Pleasant Hill. "The unplanned growth of the area has left a great need for parks," he said. "Parks affect property value."

"More activities for the teenagers to keep them out of mischief," answered Mrs. Richard Brice of 1016 Pleasant Valley Drive in Pleasant Hill. She explained she feels present activities are only "false" and don't seem to be able to hold the interest of the teenagers.

Letters to the Editor

Dear Editor,

I don't know who the "Democratic Party leaders" were to whom Politicus referred last week, but I can assure you that they represent a distinct minority of opinion in the party.

I have discussed the Condon issue with just about every Democratic leader (and a few who aren't leaders) in the county, and I have not yet met one who didn't recognize the basic truth of the situation, which is this: It is not just Congressmen Condon who is under attack, but the entire Democratic Party and every individual citizen who dares to vote for Democratic candidates and principles as well.

Even supposing the Democratic Party were to abandon its wits and principles long enough to exchange

Condon for another candidate, you can be sure that any substitute would be smeared and libeled just as generously.

Why? Because this is the announced strategy of the national bosses of the Republican Party. The Republican Party has shown itself to be so devoid of policy (constructive that is) that it has become necessary to adopt the amazingly successful technique of substituting a completely phony communist issue for the real ones of falling employment, falling farm prices, and falling prestige abroad.

The charges made before the Velde Committee were originally made FIVE YEARS AGO, but were considered by Republicans and Democrats alike to be completely without substance UNTIL SIX MONTHS BEFORE THE 1954 PRIMARY ELECTION.

Likewise, the FBI report to the Atomic Energy Commission consists of nothing but a transcript of the same insane charges made by the same ridiculous characters who pop out from under the rocks just before every Condon election.

Dave Comstock

Letters to the Editor

Dear Editor:

Your December 18 issue carries the story that the Lafayette Fire Department (Nelson and Stanley) state that adequate fire protection demands a four-lane highway all the way to St. Mary's Road.

It seems like only last year that adequate fire protection was demanding an alternate route to Moraga Road.

So strenuous was this demand that First Street was extended through to School Street, thus providing the required route, which to my knowledge has never been used.

IN REVIEWING the events of the past two months I note that every interested group within the area except the Lafayette Chamber of Commerce, The SUN and the Fire Department have opposed this widening on the basis that four lanes was a hazard.

This opposition has included the Lafayette Improvement Association which invited all interested parties to discuss the problem and which then turned it down by a vote of approximately 60 to 4.

The Lafayette PTA, the School Board, Paradise Acres Homeowners Association, Lafayette Homeowners and the churches opposed it.

In spite of all this opposition, I note that you are still featuring the widening of the highway with a bias which is evidently representative of your point of view.

Through all of this one thing stands out — that you and the local Chamber of Commerce favor any

For Editor's answer.

See Under The Sun, this page.

thing concerning business and always seem to end up on the side opposite that taken by local residents.

YET YOU ASK us to "Shop at home — shop in Lafayette" Why? And why do you continue to support propositions such as Garibotti's, Super Saver's and four-lane highways when it is evident that the majority of the local residents oppose?

Is it that we are poor dumb sheep who must be led by your enlightened news, or just misguided morons who must be educated to see the advantages of having business encroach upon us from all sides?

Local residents who have invested their life savings in homes "protected" by zoning restrictions are beginning to become bitter and disillusioned over the ease with which zoning interests are able to destroy the zoning protection which was established after much thought and study, and was to be the answer to our problems and the blueprint for future development.

We know what we want — we are the people who chose this area to live in, who visioned homes with living room around them, with peaceful residential streets, and plenty of fresh air to breathe. — no San Pablo Avenues or Market Streets or Telegraph Avenues running here and there.

What are we getting? No protection from our protective zoning, no support from our newspaper, no foresight in planning (or do you think Lafayette, the Greyhound station, the post office, Garibotti's new venture and the fire house represent planning?) no representation at Martinez — nothing but taxes, poor roads, four-lane highways we don't want and gleeful visits with flowery phrases glossing over our representatives' failure to represent or protect us.

Where do we go from here? Whose side are you on? Let's get that on the record.

R. D. Buffington, 842 Rosedale Avenue

Dear Editor,

Wednesday night (January 6) the City Council ruthlessly ignored the "voiced" opinions of a large number of local citizens and granted permission for a service station to be built on the highway to Danville. This is but an opening wedge of the purely commercial drive to convert our beautiful San Ramon Valley Highway into a brazen strip such as has so tragically happened in Lafayette.

There is no doubt whatsoever about the majority opinion of the people concerned, those who reside in the area. The City Council made no pretense of justifying their action, or of even desiring to do so.

The time-worn excuse that those objecting live outside the city is merely an open admission of the small town thinking which prevails. Obviously Walnut Creek will grow to include the surrounding areas, and when the City Council begins to look ahead to that day they will regain some of the confidence of the people.

It was obvious at the meeting that the decision had been made beforehand between the councilmen, the attorney, and Mr. Buck Johnson. The so-called Public Hearing, was a farce. The County Planning Commission, the State Highway department, and the City's own planning consultant were opposed to this move. All the people in the area were opposed.

The attorney for Mr. Johnson made no attempt to justify the ruin of our beautiful highway. He said "you have the arguments, I will go into them further." Then the councilmen turned their eyes from the public, and duly voted "aye, aye, aye." I have heard of the ruthless action of large political machines, I did not expect to find such blind obedience of commercial interests here in Walnut Creek.

Mayor Joe Bell asked the crowd to "please show respect for this official body." That respect will be forthcoming when their actions justify it. In the meanwhile most of us must feel that since the Council does not even try to represent us, it does not deserve our respect. I am sorry this letter is so blunt, but the action of the council was not one to arouse smooth words. I hope that your paper can publicize this action, that the people may be alerted to the situation.

Standish John Watson, M.D.

Dear Editor:

I wish to bring to the attention of the residents the fact that there has been much unnecessary slaughter of useful birds which are protected by the state.

Of late, I have noticed many boys with guns who ruthlessly shoot down every bird they see and who are either intentionally violating the laws protecting our birds or are ignorant of these laws.

Our birds are protected for a purpose; besides adding color and song to our gardens and countryside, birds destroy thousands upon thousands of harmful insect pests. The flicker's diet, for example, consists almost entirely of ants and insect larvae, yet this bird I found to be the most persistent victim of these boys' guns.

I hope, if you publish this, it will come to the attention of the boys who are guilty of this crime or, if need be, the proper authorities.

Interested Citizen

Brochures Out

The Chambers of Commerce in Orinda, Walnut Creek, Concord and Danville announce that a supply of brochures is now available for the "East Contra Costa Hawaii Goodwill Clipper Cruise."

Special map of your town. Telephone lines above and below the streets of your community are charted on special maps. When delicate instruments detect trouble, these maps help locate buried cables, conduits, manholes and the like... and repair crews can get on the job fast. Large cities need thousands of these maps. And they're an important part of the planning that has helped us bring you good service, reliable service, at the lowest possible cost. Pacific Telephone works to make your telephone a bigger value every day.

Under The Sun

By Herman Silverman

Snoopy, the office cat, chuckled as she finished reading the letter printed in the next column.

"Well, I guess that ought to make you squirm," Snoopy said. "What's your defense?"

"It does make me squirm, Snoop. And I'd get a little mad about it, except I think the writer is relatively new in the community. I don't believe he would have accused The SUN if he had followed our paper over a period of years. Let's discuss a few facts and opinions on this subject."

What determines our policy?

The SUN's policy is determined by what is good for the community — or at least the greatest good for the greatest number over the longest period of time. We are not guided by the program of ANY single group. We are not influenced by local business to the detriment of the community as a whole.

True, we are a business and could not continue to publish without advertising, printing and subscriptions. But from some of the following incidents, I think Mr. Buffington will agree that we are not guided by the dollar sign.

About five years ago the largest grocery chain in California tried to rezone residential land along Mt. Diablo Boulevard for a super market. Because this was the wrong place for business, we opposed the rezoning along with community groups. It was denied. The Sun would have gained approximately \$3,000 a year in advertising revenue if the market had been built. This market has been encouraged to buy a better location and it has done so.

Several years ago a small shopping center was proposed at El Nido Rancho. The rezoning application was for a group of "smart shops." The SUN protested for the same reason cited above. The application was denied. The SUN would have sold at least five thousand dollars advertising per year to such a center.

Advertising contract cancelled

Four years ago a lucrative advertising contract was arbitrarily cancelled by a large banking establishment. The firm bluntly stated that The SUN must publish its "news" releases — or else. We answered that our staff determines what is news and our policy is not guided by advertisers. The corporation withdrew its advertising — several thousand dollars' worth.

On several occasions county gambling interests approached The SUN with offers — "if you lay off." Our answer can be found on this or the front page.

Led by the "Cardinet committee," a strong movement developed among some land developers and others for a county-wide zoning policy — one-quarter-acre maximum. The SUN opposed this program because it would harm our community, as well as being stupid planning. And yet among our largest advertisers and supporters were (and are) the proponents of this policy.

A newspaper thrives on increased circulation — more people. The SUN, however, has strongly supported intelligent land use and planning, which frequently results in population restrictions.

Zoning! Pass the aspirin

Zoning battles are a constant headache to everyone. We devote much space to the pros and cons and news of zoning. Our columns are always open to either side. I cannot recall hearing complaints from anyone that their "side" was not published in The SUN.

It is the task of the county planning staff, planning commission and supervisors to decide zoning issues. I do not always agree with them. But it is certainly not desirable (in fact, it's impossible) for a small newspaper to attempt to take sides in each of the many controversies. The SUN's primary job is to inform you.

The SUN, however, voices its editorial opinion when the community's progress and welfare are at stake. A few examples: roads and freeways, rapid transit, education, master planning, recreation and parks, efficient and honest government, bond issues, law enforcement, civil defense and on and on.

Sticking out our neck

High on our list of "problems" is the need for adequate secondary roads. And whoever supports such a program is bound to step on toes of people immediately affected. The SUN was praised by some and criticized by others when it:

1. Advocated the extension of Las Vegas Road through to Charles Hill Road, Orinda. After years of controversy, the road was recently completed. The dire predictions of dangerous traffic problems have not come true.
2. Backed the eastern extension of Newell Avenue, Walnut Creek. It has just been completed — an excellent improvement. Ditto First Street in Lafayette.
3. Supported the extension of Newell Avenue west to Reliez Station Road in Lafayette. If tomorrow the highway between Lafayette and Walnut Creek were blocked, there would be no road connecting the two — except by detouring miles around via Pleasant Hill.
4. While Newell Avenue extension is not the final answer, it is another backroad link. Ditto other extensions from Sun Valley to Reliez Station Road and in Pleasant Hill, Gregory Gardens, etc. Ditto the extensions and improvement of other roads throughout the area.
5. Advocated the widening of Moraga Road in Lafayette.

Healthy difference of opinion

I do not expect that our editorial policies will be approved by everyone. Certainly, you do not want The SUN to become a parrot and reflect only your views.

On occasion The SUN will support a policy that a majority of its readers are against. We backed formation of the junior college district; a majority in this area voted against it. But we have not hesitated to criticize the college.

Frequently a small minority makes an awful lot of noise. They may be right or wrong. But we try not to be swayed by a vocal minority. Our yardstick is what is best in the overall picture for the greatest number. And I hastily admit that we have made mistakes — and will do so again.
